

**Breakdown of Student Project from
Sheridan College Visual Effects Program**

“THE DEEP”

I worked with another person on this project. I handled the following below for the project and will note what I did not do at the bottom

I did the following:

Preproduction

Concept, Design, Planning/Production Design, Animatic, Previz, layout and Story

Production

Modeling, Lighting, Surfacing, Animation, Rendering, Compositing, Cinematographer,
Director and Editing by Mark Neumann

I did not do the CG elements or Compositing for the first shot, the third shot, and the second to last shot before the title graphic.
